WHAT'S INSIDE?

COLLAGEN

Collagen is the largest and most abundant protein in the body, making up about 30-35% of the total protein. Collagen is in every tissue of the body and is the connective tissue in structures such as skin, hair, nails, bones, lungs, heart, and liver. It is often referred to as the glue that holds the body together. The beauty-boosting bovine collagen creamer from Saba Empower™ Collagen Creamer + helps promote healthy hair, skin, nails, joints, bones, and connective tissues.†

MCTs:

Medium-Chain Triglycerides (MCTs) are one of the healthiest fats. Unlike long-chain triglycerides, MCTs do not raise unhealthy cholesterol levels and calories are not stored in the body as fat. The fatty acids of MCT Oil are metabolized more efficiently in your body, converting fat into fuel by increasing ketone production. This helps to boost and sustain your energy output, sharpen mental focus, enhance mood and boost brain functions.†

saba™
for you. for life.
