

Chlorella

Each organic chlorella tablet now contains a 500 mg organic cracked cell wall, a superior nutrient-dense superfood packed with protein, amino acids, omega-3s, vitamins, fiber, enzymes, antioxidants, flavonoids, polyphenols, and minerals.

The cell wall has been naturally broken down to aid digestibility and bioavailability.

Research has shown that chlorella boosts immunity and improves gut health. Chlorophyll increases red and white blood cell count. It helps protect against free radicals, binding to toxins for removal.[†]

KEY BENEFITS:

- ✓ Provides Antioxidants[†]
- ✓ Encourages Detoxification[†]
